

RIDDARA

ROAMING THROUGH THE DIVERSIFIED SPACE

6kW Travel Discharge + Travel Space, Joyful Electric Extension, Embrace Every Kind of Nature Diversity

Boundless storage space
loading up the brilliance to your heart's content

- | 1200L extended Trunk Space
- | 70L Surprising Frunk
- | 48L Rear Bench Storage Box

Potent and versatile discharge, with the heart's ardor replenishing energy at all times

6kW intelligent discharging system: real-time discharge status monitor, intelligent power threshold setting
Trunk Discharge Special Protection, Four-circuit Protection, Vehicle-locked Discharge

6 Power Supply Modes: 220V16A Socket, 220V/10A Socket, 12V Socket, V2V Charging, Vehicle-locked Discharge
Vehicle-Driving Discharge

ELECTRIFY YOUR JOURNEY AHEAD

Experience efficient, powerful electricity with intelligent control for a seamless and worry-free future

| 550km Long Range

| 7.3s 0-100 acceleration

| Bosch iBooster EPB

| Efficient and worry-free high-power charging

DRIVE INTO THE FUTURE INTELLIGENCE

Enjoy the luxury and comfort of the intelligent cockpit, savor the delicacy of life with a pickup truck

When technology meets fingertips every touch, sight, and sound with a response

| Dual 12.3-inch Screens

| 3D Stereo

Luxury SUV comparable noise control and Passenger Experience

| EV NVH + Internation Cabin Design

| Nature-toned exterior body paint

| Dual-Color Interior

| Better Cabin Performance

ESCALADE EXPLORING DIMENSIONS

Luxury, comfort, and safety guide your heart to distant horizons

Explore the mysterious future with passion, resonates with the charm of luxury

Illuminating the excitement of discovery, towards the allure of the unknown horizon with stars and aurora on the sky

Automatic headlight control with LED | 55 Panoramic sunroof | 0.32Cd Drag coefficient | 0-100km/h Stopping Distance 38m

Front/Back Independent suspension | 6 Airbag | BOSCH ESP 9.3 Electronic Stability Control | Integrated body design

66% High strength tempered structure

Note:
1. The symbol "●" indicates standard configuration, the symbol "*" indicates no such configuration, and the symbol "○" indicates optional configuration.
2. The NEDC comprehensive driving range (km) data is based on standard data from engineering development, which may vary due to different testing factors such as site, weather, road conditions, battery level, and load, for reference only. 0-100 km/h acceleration in 4.3 seconds is the fastest acceleration, 95% maximum climbing ability in the maximum climbing slope in unladen condition, which may vary due to different testing factors such as site, weather, road conditions, battery level, and load, for reference only.
3. The radar will continue to modify and improve the product and the equipment and parameters of the vehicle product may change accordingly. We will do our best to ensure the completeness and accuracy of the information, but due to some objective reasons, such as the uncertainty of action on paper materials, the continuous updating of laws and regulations, different understandings of relevant information by individuals, and the timely updating of information, there may be certain differences between the actual vehicle and the information information. Please refer to the actual vehicle for details.
